Re: Philosophy Department GSR Compensation Plan – Revised

Justification

The department of Philosophy would like to implement the following GSR compensation plan that will offer a competitive stipend for our students. This will bring our GSRs in line with that of teaching assistant appointments, which is the main alternative funding for our graduate students.

Description: All Graduate Students

Step: V (Currently \$45,984.00 Annually/\$3832.00 Monthly)

Students will typically be hired for a 46.9% appointment although they may be hired for smaller appointments based on the arrangement with the individual faculty member.

Sincerely,

David Copp,
Department Chair
